

# Join us for a Truck Rodeo

**Moving freight is a top priority for the Seattle Department of Transportation (SDOT). We have partnered with the Freight Mobility Advisory Committee to make sure trucks will still be able to safely use an improved two-way Mercer Street.**

**Keep freight moving**

**Mercer crosssection**

Join us from **10:30 A.M. to 4:30 P.M.** on **Thursday, November 17** to test up to four different sized trucks on the proposed design of the intersection of Mercer Street and Ninth Avenue North.

Information will be used to adjust the design if needed and to verify assumptions SDOT uses to design roads are accurate.

## **Location:**

Terminal 91 at 2001 W. Garfield Street, Seattle
